BIC® inks

BIC® brand ink cartridges undergo a toxicological review by the Duke University Medical Center under the WIMA (Writing Instrument Manufacturers Association) certification program. Duke University bases its review on the guidelines set forth by the CPSC (U.S. Consumer Product Safety Commission). Many of our highlighter and marking inks are also certified by the Art and Creative Materials Institute, Inc. (ACMI) as non-toxic.

Our ink cartridges are analyzed to test shelf life and write-out times.

Components of BIC® cartridges are produced by the highest-quality cartridge manufacturers from all over the world. Points are made of stainless steel, brass or nickel silver. Balls are made of tungsten carbide, which contributes to consistent writing.

a case study

Client: car dealership
Purpose: sign and drive campaign

A car dealership mailed their customers a BIC® PrevaGuard™ Clic Stic® Pen (#CSANTI) and informative insert card promoting their upcoming sign-and-test-drive event. The pens were imprinted with the sign-and-drive hashtag and the PrevaGuard™ and dealership logo. The informative insert card explained the cleaning and sanitization protocols for all their cars, the advantages of the PrevaGuard™ pen and asked customers to bring in that pen to sign for a free test drive.
